Spring Collection 2020

THE PRIVATE ESTATE STORY

Private Estate was founded in 2018 as **FENIX®**'s premium lifestyle brand distinguished by impeccable quality and limited distribution. We create timeless, classic apparel that can be worn for sport, business, travel or leisure.

Our apparel is luxurious with a technical edge and we pay meticulous attention to detail: The cut of our performance textiles, our signature collar, center-cut shell buttons and herringbone taping make us distinctly unique.

Private Estate customers also have the option of private labeling, enabling them to exclusively represent their own brand.

We are a worldwide brand, currently selling in prestigious golf clubs and luxurious men's specialty stores.
